The programme features:

- 20+ expert-led sessions by 50+ industry pioneers
- 5+ specialised roundtables
- Inspirational keynotes providing strategic vision

Attendees of the CPHI Sustainability Summit will be able to connect with corporate sustainability officers, pharmaceutical leadership, suppliers, and R&D specialists, creating a comprehensive ecosystem of expertise.

Position your organisation as a sustainability leader, and to benefit from:

- Commercially viable solutions for immediate implementation
- Strategic partnerships across the value chain
- Competitive advantage through early adoption of emerging best practices

This two-day event runs alongside CPHI Milan and is, like our flagship event, more than just another conference. This is a summit that emphasises collaborative problem-solving through workshops, solution labs and working groups, all organised to produce actionable outputs.

Free membership

Taking part in this year's Summit also allows you the opportunity to register for free membership to the **CPHI Sustainability Collective**: a consortium of like-minded pharmaceutical experts, helping to keep the conversation going all year-round.

You can find the [Charter here](#) and the [Work Plan here](#).

Justification letter template

Customise this template to request approval for attending the CPHI Sustainability Summit

Subject: Request for approval to attend CPHI Sustainability Summit

Dear

I am writing to request your approval to attend the CPHI Sustainability Summit 2026 on 6–7 October 2026, at Fiera Milano, Italy. This inaugural summit represents a critical opportunity for our organisation to advance our sustainability initiatives and meet the growing expectations from regulators, investors, customers, and partners.

Why this summit is essential for our business:

The CPHI Sustainability Summit brings together 300+ sustainability leaders and pharmaceutical executives to address the industry's most pressing priority. As sustainability becomes a core business consideration across all parts of the pharma value chain, this summit provides the platform we need to:

- **Access 20+ expert-led sessions and solution labs delivering commercially viable strategies**, translating sustainability ambitions into immediate, tangible business outcomes
- **Network directly with 300+ sustainability leaders** creating lasting collaborative relationships to drive innovation across the value chain
- **Gain competitive advantage through early adoption of cutting-edge sustainability solutions** before they become industry standard.

Investment breakdown:

Summit pass	€
Air/train fare	€
Hotel accommodation	€
Ground transportation	€
Meals & incidentals	€

Total investment €

Additionally, investment in the CPHI Sustainability Summit pass also includes access to CPHI Milan (6–8 October), the pharma sector's leading global event.

Attending this event will give me opportunity to meet face-to-face with key vendors, discuss potential solutions, view product demonstrations and gather valuable information for us to evaluate upon my return. I am seeking approval for the registration fee and travel expenditures.

With growing pressure to deliver on environmental commitments and strengthen supply chain resilience, I believe the CPHI Sustainability Summit represents a strategic investment in our organisation's future.

Thank you for considering this request. I am confident that attending the Sustainability Summit and CPHI Milan will be a valuable investment for our organisation, offering unparalleled opportunities to gain insights, build connections and explore solutions that will drive our success.

Sincerely,

Note: Don't forget to customise this template with your specific business objectives, relevant sustainability challenges, and organisational priorities.
